## 70 Min Bus Vishwanathan Iyer

Started running since past 1.5 years. Was a very slow runner to begin with ( even now I'm not a fast runner by any comparisons) but have improved to satisfactory levels.

With a 75min 10k to 60.51mins 10k at NMHM , my progress has been steady over a period of time. All credits go to one mentor Devendra Mane for this superb Improvement after falling prey to running injuries in the beginning. Also it is the support of each and every member of KDR who suggested ways to improvise at critical times. Special mention of Suhas Bhopi Sir who started this journey of mine on 9th August 2015.
